## INTERNET COMPUTER TECHNOLOGY Pty Ltd

INTEGRATED BUSINESS SOLUTION  
FOR  
SMALL AND MEDIUM ENTERPRISE

## VISION

To provide the best possible business solutions, joint cooperation or joint venture matching, enhancing the use of emerging technologies to empower the Small Medium Enterprises in Asia Pacific.

**Business Information Center Small  
and Medium Enterprises in  
Asia Pacific.**

## ★ INTERNET COMPUTER TECHNOLOGY Pty. Ltd. (ICT)

ICT is the global coordinator of small and medium enterprises (SME-centers) providing integrated business solutions for its network of members. SMEs make up the backbone of the Asian economies, particularly proven so during the Asian financial crisis of 1997, survived with resilience not matched by big companies. The SME management has successfully completed our Europay, MasterCard and Visa (EMV) compliance within our payment channels including EFTOS, smartcards etc.

## ★ History Of SME – CENTERS

SMEs have shown their survivability in coping with the crisis and in almost every economic cooperation, SMEs is considered as the pillar for people's economic growth. One of the decision adopted at the G-15 Declaration in India is that SMEs should be facilitated in trade and investment liberalization to adapt with globalization.

SME-CENTERS was established as a center for information, access to domestic and foreign market, access to capitals either for loans or venture, human resource development, quality certification, financial administration, feasibility study, export insurance as well as well as loan guarantee and access to information. It also provides professional SME

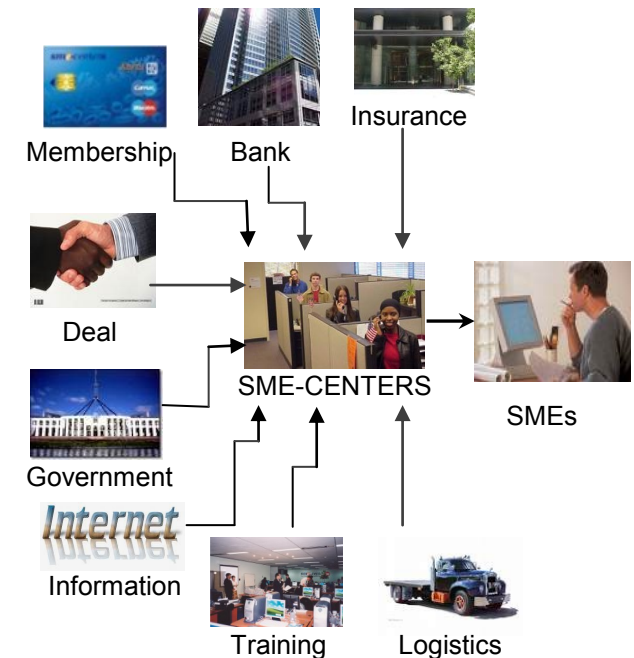

management training by utilizing emerging and communication technologies which will enhance local business network through other SME hubs in every country. It is our commitment to implement the vision and mission to achieve the goals of SME-CENTERS in developing SMEs in Asia Pacific, by encouraging, fostering and business matching SME-CENTERS in cooperation with other global commercial organizations.

## ★ Mission

1. To improve promotional activities and international market through technology, consultation, formulating information system, production technology, business management, capitals, marketing, HRD, quality certification and feasibility study
2. To seek domestic and international market through e-commerce and business matching.
3. To establish system and trade financing and counter trade.
